LEAD THE WAY

Yr 6 Geography: Trade

Key vocabulary

Distribution: delivering goods to a number of places

Economy: a country's economy is the wealth that it gets from business and industry

Export: to export products or raw materials means to sell them to another country

Import: to import products or raw materials means to buy them from another country for use in your own country

Global: something that happens in all parts of the world or affects all parts of the world

Natural resources: the land, forests, energy sources and minerals existing naturally in a place that can be used by people

Supply chain: the entire process of making and selling goods, including every stage from the supply of materials and the manufacture of the goods through to their distribution and sale

Sustainability: to maintain at a steady level without exhausting natural resources or causing severe environmental damage

Trade: the activity of buying, selling, or exchanging goods or services

Trade route: a route, often covering long distances, that is used by traders

WHY FAIR TRADE?

**QUALITY PRODUCTS. IMPROVING LIVES.
PROTECTING THE ENVIRONMENT.**

What is Fair Trade?

The Fair Trade movement is a global organisation committed to helping producers/farmers in developing communities.

Money raised from Fair Trade products, such as tea, bananas, coffee and chocolate, goes towards improving the working conditions, local sustainability and trade terms for farmers and workers, and their communities.

Farmers get a guaranteed and fair price for their product
