

## **Home learning expectations from Spring 2**

Weekly home learning will be set on a Friday afternoon on Tapestry. This will be a maths focus and will link to that week's learning so the children can practice the new skills they have learnt.

We ask that you upload an image of the task by the following Friday so that we can share the children's achievements and reflect on our learning.

Each half term we will set a challenge for the children to complete, such as retelling their favourite story using their own props and story-telling language.
