

MUSIC PROS

Winter TERM 2026

10% discount for new members!

WHAT WE DO AT MUSIC PROS

At Music Pros we compose and produce our own music, using a laptop and keyboard!

Each term, we compose music for a different project, such as music for a computer game, or a super hero theme tune! Students get their final work sent to them at the end of term.

This term we have been doing project world cup!

NEXT TERM – PROJECT ANIMAL

Inspired by the music behind fascinating nature documentaries on TV, we will be creating music for an animal environment of your choice!

From the magical, tropical, and majestic ocean, to the dramatic and action-packed African plains, all the way to the icy Arctic. Choose your video, and then start creating your music! Will you go for huge battle drums for Africa, or mystical marimbas for the ocean? The choice is yours!

ALL THE DETAILS

Music Pros is open to everyone - regardless of any previous musical experience.

- 25 minute session, working in a pair, using a laptop and music keyboard.
- Next term: Every Wednesday lunchtime, starting W/C 14th Sept, last session W/C 23rd Nov.
- This terms fee is £89 for x10 sessions.
